

### § 3.341

any incapacity from acute infectious disease, accident, or injury, unless there is present one of the recognized combinations or permanent loss of use of extremities or sight, or the person is in the strict sense permanently helpless or bedridden, or when it is reasonably certain that a subsidence of the acute or temporary symptoms will be followed by irreducible totality of disability by way of residuals. The age of the disabled person may be considered in determining permanence.

(c) *Insurance ratings.* A rating of permanent and total disability for insurance purposes will have no effect on ratings for compensation or pension.

[26 FR 1585, Feb. 24, 1961, as amended at 46 FR 47541, Sept. 29, 1981]

### § 3.341 Total disability ratings for compensation purposes.

(a) *General.* Subject to the limitation in paragraph (b) of this section, total-disability compensation ratings may be assigned under the provisions of § 3.340. However, if the total rating is based on a disability or combination of disabilities for which the Schedule for Rating Disabilities provides an evaluation of less than 100 percent, it must be determined that the service-connected disabilities are sufficient to produce unemployability without regard to advancing age.

(Authority: 38 U.S.C. 1155)

(b) *Incarcerated veterans.* A total rating for compensation purposes based on individual unemployability which would first become effective while a veteran is incarcerated in a Federal, State or local penal institution for conviction of a felony, shall not be assigned during such period of incarceration. However, where a rating for individual unemployability exists prior to incarceration for a felony and routine review is required, the case will be reconsidered to determine if continued eligibility for such rating exists.

(Authority: 38 U.S.C. 5313(c))

(c) *Program for vocational rehabilitation.* Each time a veteran is rated totally disabled on the basis of individual unemployability during the period beginning after January 31, 1985, the Vo-

cational Rehabilitation and Employment Service will be notified so that an evaluation may be offered to determine whether the achievement of a vocational goal by the veteran is reasonably feasible.

(Authority: 38 U.S.C. 1163)

[46 FR 47541, Sept. 29, 1981, as amended at 50 FR 52774, Dec. 26, 1985; 55 FR 17271, Apr. 24, 1990; 58 FR 32445, June 10, 1993; 68 FR 34542, June 10, 2003]

### § 3.342 Permanent and total disability ratings for pension purposes.

(a) *General.* Permanent total disability ratings for pension purposes are authorized for disabling conditions not the result of the veteran's own willful misconduct whether or not they are service connected.

(Authority: 38 U.S.C. 1502(a))

(b) *Criteria.* In addition to the criteria for determining total disability and permanency of total disability contained in § 3.340, the following special considerations apply in pension cases:

(1) Permanent total disability pension ratings will be authorized for congenital, developmental, hereditary or familial conditions, provided the other requirements for entitlement are met.

(2) The permanence of total disability will be established as of the earliest date consistent with the evidence in the case. Active pulmonary tuberculosis not otherwise established as permanently and totally disabling will be presumed so after 6 months' hospitalization without improvement. The same principle may be applied with other types of disabilities requiring hospitalization for indefinite periods. The need for hospitalization for periods shorter or longer than 6 months may be a proper basis for determining permanence. Where, in application of this principle, it is necessary to employ a waiting period to determine permanence of totality of disability and a report received at the end of such period shows the veteran's condition is unimproved, permanence may be established as of the date of entrance into the hospital. Similarly, when active pulmonary tuberculosis is improved after
